Statements contained in this release that are not purely historical are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the company's expectations, hopes, beliefs and intentions on strategies regarding the future. It is important to note that the company's actual future results could differ materially from those projected in such forward-looking statements because of a number of factors, including but not limited to inflation, labor relations, inclement weather, competitor pricing activity, year 2000 issues, expense volatility and a downturn in general economic activity.
