FOR IMMEDIATE RELEASE

YELLOW CORPORATION REPORTS SOLID FIRST QUARTER EPS OF \$.19

- -- YELLOW TRANSPORTATION POSTS REVENUE GROWTH OF 17 PERCENT OVER FIRST QUARTER 2002
- -- MERIDIAN IQ INCREASES REVENUE BY 43 PERCENT OVER FIRST QUARTER 2002 AND EXPANDS CUSTOMER BASE
- -- EXACT EXPRESS, AN EXPEDITED SERVICE, GROWS REVENUE BY 60 PERCENT OVER FIRST QUARTER 2002

OVERLAND PARK, KAN. --- Yellow Corporation (NASDAQ: YELL) today reported first quarter 2003 income of \$5.6 million, or \$.19 per share, up substantially from about breakeven performance in the first quarter of 2002.

Yellow Corporation reported the following consolidated results for the first quarter of 2003:

- - Operating revenue of \$681 million, a 17.7% increase over \$579 million in first quarter 2002
- - Operating income of \$11.8 million compared to \$2.7 million in first quarter 2002

"Yellow Transportation and Meridian IQ are performing very solidly," said Bill Zollars, Chairman, President and CEO of Yellow Corporation. "The first quarter of 2003 included weather-related expenses of approximately \$5.0 million, costs of about \$4.0 million for an industry conference we host every other year and a benefit of about a million dollars from an insurance recovery. Even with the net impact of these first quarter items, we were able to generate substantial revenue and earnings growth. During the first quarter, underlying economic conditions remained steady."

"The growth in Exact Express highlights the effectiveness of our one-stop shopping strategy," Zollars continued. "When it comes to big shipments for business, our customers can rely on Yellow to manage their transportation needs whatever the mode, speed or destination."

YELLOW TRANSPORTATION

Yellow Transportation reported first quarter 2003 results as follows:

- Revenue of \$660 million, up 16.9% from \$565 million in first quarter 2002
 Operating income of \$19.5 million, up from \$6.7 million in first quarter 2002
- - Operating ratio of 97.0% compared to 98.8% in first quarter 2002

"Yellow Transportation continues to excel at pricing discipline, cost management and service quality," said Zollars. "Maintaining the right balance between business volumes and pricing resulted in significant profit improvement."

Less-than-truckload (LTL) revenue per day was up 17.0% over the first quarter of 2002, primarily reflecting a 9.2% increase in LTL tonnage per day and a 7.1% improvement in LTL revenue per hundred weight. First quarter 2003 business volumes benefited primarily from the September 2002 closure of a significant competitor and the continued penetration of premium services.

MERIDIAN IQ

Meridian IQ, entering its second year of operations, reported the following first quarter 2003 results:

- - Operating revenue of \$22 million, up 43% over \$15 million in first quarter 2002
- Operating loss of \$.9 million compared to a \$1.5 million loss in first quarter 2002

"Meridian IQ continues to show significant growth in a challenging economic environment," said Zollars. "Signing 12 new contracts during the first quarter, which brings our total contractual customers to over 160, demonstrates the value of our transportation management solutions."

OUTLOOK

"As a result of the strong performance of Yellow Transportation and Meridian IQ, we remain comfortable with our full year 2003 guidance of \$2.25 to \$2.35 per share, and expect the second quarter to be between \$.50 and \$.60 per share," Zollars stated. "We are assuming that current economic activity continues throughout 2003. However, due to our significant operating leverage, we are well positioned to take advantage of improved economic conditions when they occur."
