

## **Important Amplification Of Yellow Third Quarter Earnings**

OVERLAND PARK, Kan., Oct 21, 2002 -- In response to investor inquiries concerning Yellow Corporation (Nasdaq: YELL) third quarter 2002 earnings, the following information from the earnings release issued earlier this evening is reprinted below:

If SCST had been included in the results of Yellow Corporation for the third quarter of 2002, consolidated income, excluding unusual items, would have been \$.51 per share compared to \$.24 per share in the third quarter of 2001. On October 18, 2002, SCST reported third quarter 2002 net income of \$.27 per share. SCST has approximately 50 percent fewer shares outstanding than Yellow; therefore, their portion of the consolidated \$.51 per share would have been \$.14 per share.

Due to the spin-off, all financial information relating to SCST has been recorded as discontinued operations.
