

## **Yellow Corporation Establishes Record Date of September 3, 2002 For Spin-Off Of SCS Transportation, Inc.**

### **SCST Spin-off FAQ**

OVERLAND PARK, Kan., Aug 23, 2002 -- Yellow Corporation (Nasdaq: YELL) today announced a record date of Tuesday, September 3, 2002, for the spin-off of SCS Transportation, Inc. (SCST). Yellow Corporation shareholders of record as of the close of business on September 3, 2002, will receive one share of SCST common stock for every two shares of Yellow common stock. SCST is a holding company for the operating companies of Saia Motor Freight Line, Inc. and Jevic Transportation, Inc.

Once SCST receives clearance from the Securities and Exchange Commission (SEC) for its Form 10 registration statement, an ex-dividend date and a payment date will be established and announced. Subject to SEC clearance, the company expects these dates to be on or near September 30, 2002.

The interim period between the later of the record date or the receipt of SEC clearance and the payment date is referred to as the "when issued" period. During the "when issued" period, it is anticipated that three securities will trade relating to Yellow Corporation and SCST.

First, Yellow will continue to trade on The Nasdaq National Market under the symbol "YELL". This reflects Yellow as it is traded today, including the value of SCST. When shares of this security are purchased during the "when issued" period, shareholders will receive Yellow shares plus a "due bill" for SCST shares. A "due bill" represents the obligation of the seller to deliver to the buyer SCST shares received on the payment date.

Second, Yellow will trade "when issued", which removes the value of SCST shares from Yellow shares as they are traded today.

Third, SCST will trade "when issued", which reflects the value of SCST as a separate, publicly traded entity.

The company will provide further information concerning distribution dates and "when issued" trading symbols after SEC clearance has been received. Prior to executing a stock trade during the "when issued" trading period, shareholders should check with their stockbrokers, banks or other nominees for details regarding the "when issued" trading markets for SCST common stock and Yellow common stock to ensure they understand which security they are buying or selling.

Following the distribution, Yellow will retain the symbol "YELL" and it is anticipated that SCST common shares will trade on The Nasdaq National Market under the symbol "SCST".
